In the Heart of the Yakima Valley

A Scene in Miller's Gardens

General Information

READ CAREFULLY

To our many customers all over the United States: We thank you for the liberal and yearly increasing amount of patronage. To those who receive our catalog for the first time let us suggest that you favor us with at least part of your order and compare our goods with those you receive from other sources.

IRIS

The tall bearded Iris is easily the most planted and admired of all perennials. If you are not familiar with the newer and better varieties such as you will find listed in this catalog, send us an order of the varieties you like and you will have a pleasant surprise at blooming time next spring.

OUR LOCATION

We are located in the very heart of the famous Yakima valley, soil and climatic conditions tend to produce the best rhizomes of unusual vigor and hardiness. Through years of experience and experiments we have developed a method of growing Iris not excelled anywhere.

QUALITY

We specialize in quality, all roots are from young plantings, not from old worn-out clumps. We use no fertilizer or artificial stimulants to grow the large heavy roots, soil, climate and clean cultivation, combined with our method takes care of that.

OUR LIST

Our list is not long enough to be confusing and does not carry a number of practically similar varieties but complete enough to include representatives of every color and combination.

DESCRIPTIONS

We have endeavored to make descriptions as clear and accurate as we could, some are difficult to describe so as to convey an accurate color picture. The heights given are average and of course vary some in different soils and climate.

REMITTANCES

Cash must accompany all orders, remit in the most convenient way—P. O. or express money order, draft or check. Currency sent in unregistered letter is entirely at sender's risk. Prices are plainly stated in this list, and there is no reason sending C. O. D. In no case will we deviate from this rule.

GUARANTEE

We guarantee all stock to be true to name, clean, healthy, free from disease and insects, and in growing condition.

We can not however be responsible after stock leaves our hands; as we have no control over soil, treatment, and climatic conditions. We personally see to every order, and have a system which makes the chance of error very remote, however, we are human, and should an error occur we will, upon satisfactory proof, replace with the correct variety or refund purchase price, you keep what you have. Every rhizome sold at retail is plainly labeled, we have no mixtures to sell.

SUBSTITUTION

We positively will not substitute unless definitely instructed to do so at time order is received. If we can not furnish any variety you order we will at once return the amount you send for it.

TIME OF SHIPPING

We begin shipping about the 10th of July. We ship up to October 1st. Peonies from September 1st on; Regal Lilies after September 15th.

Remember no better Iris are grown anywhere.

ABOUT PRICES

Our prices are as low as first-class stock can be sold. We are not in competition with those selling inferior stock and do not care to meet their prices. We desire discriminating customers who appreciate first quality stock.

Prices are the same to all; please do not write for special quotations. On orders of less than \$2.00 enclose 25c extra. Small orders of less than \$2.00 can only be dug, labeled, packed and shipped at a loss if this small charge were not made.

We value the good will of our customers more than the money we receive, and will do everything possible to give prompt and courteous service, and the finest and best rhizomes obtainable anywhere. We grow all of the stock we sell and so can give it careful attention at all times.

PLEASE NOTE:

We pay all transportation charges anywhere in the continental United States, you have nothing more to pay.

Order early please while stock is complete; we will ship when wanted. Thank you.

Purissima

PURISSIMA

This is considered by many the finest white Iris in cultivation, in our garden it always brings exclamations of delight from visitors. The flowers are pure white, on tall well branched stalks. Flowers are of immense size and perfect form, fragrant. Our stock of this variety is exceptionally fine, and we have placed the price within the reach of all.

46 in. 50c; 3 for \$1.00; 8 for \$2.00

QUEEN CATERINA

Pale lavender violet self, veined old gold on a white ground. A prominent Iris authority said a few years ago, if he was limited to one Iris it would be Queen Caterina.

42 in. 20c; 3 for 50c

RAMESES

A very lovely blend of soft yellow and pink the entire flower suffused with a yellow glow. Winner of the Dykes medal in 1932. A perfect Iris in every way.

REICHENBACHII

Dwarf. A fine clear yellow suffused a light green. Blooms again in the fall in our garden.

8 in. 25c; 3 for 60c

RHEINGAUPERLE

One of the most delightful Iris in the so-called pink class. Exquisite soft pink throughout. Fragrance reminds one of orange blossoms.

34 in. 25c; 3 for 60c

ROSALBA

Color, a deep rose of great brilliance throughout. A very pretty garden effect.

36 in. 20c; 3 for 50c

ROSEDA

A very large Iris of a general pink tone, slightly suffused blue. Free blooming. Not many growers list this Iris.

36 in. 25c; 3 for 60c

ROBERT W. WALLACE

Almost in a class by itself. One of richest colored red purples. Very much in demand.

40 in. 25c

SAN FRANCISCO

Here is an Iris you will want if you want something unusual and outstanding. Both standards and falls are white and distinctly frilled, blue lavender. The largest and finest in this class.

40 in. 75c

SEMINOLE

A beautiful dark rose red, very floriferous. None of the higher priced so-called reds give a better red garden effect.

36 in. 15c; 4 for 50c

SOUV. MME. DE GAUDICHAU

You may pay many times the price of this one, but can not obtain anything to surpass it in color, which is of the deepest dark velvety purple. Beard blue. Early, and a very profuse bloomer; fragrant. Very popular.

40 in. 20c; 3 for 50c

SUSAN BLISS

Rich rosy pink, light'y suffused lavender, beautiful mass effect. Free blooming.

Peony, Festiva Maxima

PEONIES

If you have the room and can possibly afford to plant a few peonies do so now; they are cheaper now than they will be again. Prices are really below cost of production.

We offer a small but select list of the choicest cut flower varieties, we grow these same varieties for our own cut flower trade.

Peonies are best planted in the fall September and October are the best time. Peonies require two or three years to reach full development, but once established they are hardy as an oak. Peonies are not troubled by insects or disease.

VARIETIES
